Art Unit: 2616

1. This application is in condition for allowance except for the following formal matters:

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It does not identify the foreign application for patent or inventor's certificate on which priority is claimed pursuant to 37 CFR 1.55, and any foreign application having a filing date before that of the application on which priority is claimed, by specifying the application number, country, day, month and year of its filing.

To be more specific, the oath/declaration has failed to identify the foreign application on which foreign priority is being claimed. In the reissue application, if the original patent claims foreign priority, such claim must be repeated in the oath/declaration in order to retain foreign priority. See MPEP 1417.

2. Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth in the above paragraph.
3. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
